Ironbark Holding in Wolf Minerals Limited

Ironbark (ASX: IBG) congratulates Wolf Minerals Limited ("Wolf"; ASX: WLF) on their recent announcement of the acquisition of a world class Tungsten-Tin deposit in Hemerdon, United Kingdom.

This major acquisition moves Wolf towards becoming a world class tungsten and tin producer as the company seeks to deliver growth and returns to shareholders.

In February 2007 Ironbark transferred the Kiwarra and Burrandana tin-tungsten projects in New South Wales to Wolf in exchange for 3 million fully paid ordinary shares in Wolf. Ironbark's investment in Wolf offers a substantial investment to the company and its shareholders.
