Agreement with China Nonferrous Major Step Towards Advancing Citronen Project Financing and Construction

Following the grant of a 30-year Mining Licence for the World Class Citronen Base Metal Project (Citronen) in Greenland, Ironbark Zinc Limited (Ironbark) (ASX:IBG) is pleased to announce the immediate appointment of China Nonferrous Metal Industry's Foreign Engineering and Construction Co., Ltd (NFC) under an agreement to:

- Incorporate current Chinese equipment and construction costs into the Citronen Feasibility Study
- Prepare a project study report in compliance with the financing requirement of China's banks
- Ensure the technical criteria is in compliance with local laws, regulations, standards and codes in Greenland and China
- Assist Ironbark in securing Chinese project debt financing for the development of Citronen under the terms of the earlier Memorandum of Understanding

Ironbark views this agreement as a major step towards advancing the financing and development of Ironbark as it progresses to become one of the world's largest zinc mining companies.

Ironbark has selected NFC as providing the most technically capable, rapid and competitive construction engineers to deliver a turnkey, fixed price EPC solution to developing and commissioning Citronen.

Moving beyond the existing Memorandum of Understanding with NFC, Ironbark will see the Citronen Feasibility Study updated and tailored to meet the Chinese banking requirements that will target 70% debt financing and provide NFC with an option to acquire up to 19.9% of the Citronen project.

Ironbark is excited by this opportunity to work with NFC, one of the world's largest construction engineering groups that has the relevant experience and the capability to provide the key equipment for the Citronen project. NFC has a strong relationship with the Chinese banking sector that is expected to provide an excellent basis to achieve the debt funding objectives of 70% of the capital for Citronen.

ABOUT IRONBARK

Ironbark is listed on the Australian Securities Exchange and is seeking to become a base metal mining house.

Ironbark seeks to build shareholder value through exploration and development of its projects and also seeks to actively expand the project base controlled by Ironbark through acquisition. The management and board of Ironbark have extensive technical and corporate experience in the minerals sector.

The wholly owned Citronen base metal project currently hosts in excess of 13.1 Billion pounds of zinc (Zn) and lead (Pb). Full details refer to ASX announcement 25 November 2014 - Citronen Project Resource Update - JORC 2012 compliant resource.

The current JORC 2012 compliant resource for Citronen:

70.8 million tonnes at 5.7% Zn + Pb

Category	Mt	Zn%	Pb%	Zn+Pb%
Measured	25.0	5.0	0.5	5.5
Indicated	26.5	5.5	0.5	6.0
Inferred	19.3	4.9	0.4	5.3

Using Ordinary Kriging interpolation and reported at a 3.5% Zn cut-off

Including a higher grade resource of:

29.9 million tonnes at 7.1% Zn + Pb

Category	Mt	Zn%	Pb%	Zn+Pb%
Measured	8.9	6.6	0.6	7.2
Indicated	13.7	6.8	0.5	7.3
Inferred	7.3	6.2	0.5	6.6

Using Ordinary Kriging interpolation and reported at a 5.0% Zn cut-off

“Ironbark is an emerging leader amongst Australia’s mineral resource companies and is dedicated to delivering shareholder value through the development of its major base metal mining operation in Greenland – the world class Citronen Project, and the acquisition of quality base metals projects.”

Disclosure Statements and Important Information

Forward Looking Statements

This announcement contains certain statements that may constitute “forward looking statement”. Such statements are only predictions and are subject to inherent risks and uncertainties, which could cause actual values, results, performance achievements to differ materially from those expressed, implied or projected in any forward looking statements.

Competent Persons Statement

The information included in this report that relates to Exploration Results & Mineral Resources is based on information compiled by Ms E Laursen (B. ESc Hons (Geol), MSEG, MAIG), an employee of Ironbark Zinc Limited. Ms Laursen has sufficient experience that is relevant to the style of mineralisation and type of deposit under consideration and to the activity which they are undertaking to qualify as a Competent Person as defined in the 2012 Edition of the Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves. Ms Laursen consents to the inclusion in the report of the matters based on this information in the form and context in which it appears

Competent Persons Disclosure

Ms E Laursen is an employee of Ironbark Zinc Limited and currently holds securities in the company.
