EXPLANATORY STATEMENT

This Explanatory Statement has been prepared to provide information which the Directors believe to be material to Shareholders in deciding whether or not to pass the Resolutions.

1. FINANCIAL STATEMENTS AND REPORTS

In accordance with the Constitution, the business of the Meeting will include receipt and consideration of the annual financial report of the Company for the financial year ended 30 June 2017 together with the declaration of the directors, the directors' report, the Remuneration Report and the auditor's report.

The Company will not provide a hard copy of the Company's annual financial report to Shareholders unless specifically requested to do so. The Company's annual financial report is available on its website at www.ironbark.gl.

2. RESOLUTION 1 – ADOPTION OF REMUNERATION REPORT

2.1 General

The Corporations Act requires that at a listed company's annual general meeting, a resolution that the remuneration report be adopted must be put to the shareholders. However, such a resolution is advisory only and does not bind the company or the directors of the company.

The remuneration report sets out the company's remuneration arrangements for the directors and senior management of the company. The remuneration report is part of the directors' report contained in the annual financial report of the company for a financial year.

The chair of the meeting must allow a reasonable opportunity for its shareholders to ask questions about or make comments on the remuneration report at the annual general meeting.

2.2 Voting consequences

A company is required to put to its shareholders a resolution proposing the calling of another meeting of shareholders to consider the appointment of directors of the company (**Spill Resolution**) if, at consecutive annual general meetings, at least 25% of the votes cast on a remuneration report resolution are voted against adoption of the remuneration report and at the first of those annual general meetings a Spill Resolution was not put to vote. If required, the Spill Resolution must be put to vote at the second of those annual general meetings.

If more than 50% of votes cast are in favour of the Spill Resolution, the company must convene a shareholder meeting (**Spill Meeting**) within 90 days of the second annual general meeting.

All of the directors of the company who were in office when the directors' report (as included in the company's annual financial report for the most recent financial year) was approved, other than the managing director of the company, will cease to hold office immediately before the end of the Spill Meeting but may stand for re-election at the Spill Meeting.

Following the Spill Meeting those persons whose election or re-election as directors of the company is approved will be the directors of the company.

2.3 Previous voting results

At the Company's previous annual general meeting the votes cast against the remuneration report considered at that annual general meeting were less than 25%. Accordingly, the Spill Resolution is not relevant for this Annual General Meeting.

3. RESOLUTION 2 – RE-ELECTION OF DIRECTORS – MR GARY COMB

3.1 General

The Constitution sets out the requirements for determining which Directors are to retire by rotation at an annual general meeting.

Mr Gary Comb, who has served as a director since 1 February 2012 and was last re-elected on 25 November 2015, retires by rotation and seeks re-election.

3.2 Qualifications and other material directorships

Mr Comb has spent over 25 years in the Australian mining industry, both with mining companies and in mining contractor roles. He was previously the Chief Executive Officer of BGC Contracting Pty Ltd, the mining contracting arm of West Australian construction group BGC Australia Pty Ltd and Managing Director of Jabiru Metals Limited.

3.3 Independence

If elected the board considers Mr Comb will be an independent director.

3.4 Board recommendation

The Board supports the re-election of Mr Comb and recommends that Shareholders vote in favour of Resolution 2.

4. RESOLUTION 3 – RATIFICATION OF PRIOR ISSUE – SHARES

4.1 General

On 6 February 2017, the Company issued 28,750,000 Shares at an issue price of \$0.08 per Share to raise \$2,300,000.

Resolution 3 seeks Shareholder ratification pursuant to ASX Listing Rule 7.4 for the issue of those Shares (**Ratification**).

ASX Listing Rule 7.1 provides that a company must not, subject to specified exceptions, issue or agree to issue more equity securities during any 12 month period than that amount which represents 15% of the number of fully paid ordinary securities on issue at the commencement of that 12 month period.

ASX Listing Rule 7.4 sets out an exception to ASX Listing Rule 7.1. It provides that where a company in general meeting ratifies the previous issue of securities made pursuant to ASX Listing Rule 7.1 (and provided that the previous issue did not breach ASX Listing Rule 7.1) those securities will be deemed to have been made with shareholder approval for the purpose of ASX Listing Rule 7.1.

By ratifying this issue, the Company will retain the flexibility to issue equity securities in the future up to the 15% annual placement capacity set out in ASX Listing Rule 7.1 without the requirement to obtain prior Shareholder approval.

4.2 Technical information required by ASX Listing Rule 7.4

Pursuant to and in accordance with ASX Listing Rule 7.5, the following information is provided in relation to the Ratification:

- (a) 28,750,000 Shares were issued;
- (b) the issue price was \$0.08 per Share;
- (c) the Shares issued were all fully paid ordinary shares in the capital of the Company issued on the same terms and conditions as the Company's existing Shares;
- (d) the Shares were issued to clients of Hartleys Limited. None of these subscribers are related parties of the Company; and
- (e) the funds raised from this issue were used primarily to fund the further development of Citronen including the appointment of China Nonferrous to advance the financing and development and for general working capital.

5. RESOLUTIONS 4 TO 6 – ISSUE OF SHARES TO DIRECTORS

5.1 General

In order to provide a performance linked incentive component in the remuneration package and to allow the Company to spend a greater proportion of its cash reserves on its operations than it would if cash forms of remuneration were given (in their entirety), the Company has agreed, subject to obtaining Shareholder approval, to issue Shares to Peter Bennetto, Jonathan Downes and Gary Comb (or their respective nominees) in lieu of their cash salary (the **Related Parties**) for the financial year ended 30 June 2017 on the terms and conditions set out below (**Related Party Shares**).

The table below sets out the Related Parties, their total salary for the financial year ended 30 June 2017 and the portion of their salary for that period which will be satisfied by the issue of the Related Party Shares.

Related Party	Total Salary including superannuation for financial year ended 30 June 2017	Portion of Salary to be satisfied by issue of Shares
Peter Bennetto	\$116,000	\$33,797
Jonathan Downes	\$344,000	\$18,013
Gary Comb	\$82,000	\$23,880

Shareholder approval is being sought for the share based payment of salary forgone up to 30 June 2017 and, in addition, for the period up to the date of the Annual General Meeting.

Approval is sought for the issue of shares to Peter Bennetto (or his respective nominees) in lieu of \$55,512 of forgone cash salary, Jonathan Downes (or his

respective nominees) in lieu of \$29,587 of forgone cash salary and Gary Comb (or his respective nominees) in lieu of \$39,223 of forgone cash salary.

Resolutions 4 to 6 seek Shareholder approval for the issue of the Related Party Shares to the Related Parties (or their respective nominees). In the event Shareholder approval is not obtained for any of Resolutions 4 to 6, the Company will pay to the Related Parties in cash the unpaid balance of salary to otherwise be satisfied by the issue of the Related Party Shares.

5.2 Chapter 2E of the Corporations Act

For a public company, or an entity that the public company controls, to give a financial benefit to a related party of the public company, the public company or entity must:

- (a) obtain the approval of the public company's members in the manner set out in sections 217 to 227 of the Corporations Act; and
- (b) give the benefit within 15 months following such approval,

unless the giving of the financial benefit falls within an exception set out in sections 210 to 216 of the Corporations Act.

The grant of Related Party Shares constitutes giving a financial benefit and the Related Parties are related parties of the Company by virtue of being Directors.

The Directors (other than each of the Related Parties in respect only of the Resolution which relates to the issue of Related Party Shares to himself given his material personal interest in the Resolution) consider that Shareholder approval pursuant to Chapter 2E of the Corporations Act is not required in respect of the issue of the Related Party Shares because the agreement to issue the Related Party Shares in lieu of part of each Related Party's entitlement to salary is considered to be reasonable remuneration in the circumstances and was negotiated on an arm's length basis.

Accordingly, the exception to approval under Chapter 2E provided by section 211 of the Corporations Act applies to the proposed issue of the Related Party Shares.

5.3 ASX Listing Rule 10.11

ASX Listing Rule 10.11 requires shareholder approval to be obtained where an entity issues, or agrees to issue, securities to a related party, or a person whose relationship with the entity or a related party is, in ASX's opinion, such that approval should be obtained unless an exception in ASX Listing Rule 10.12 applies.

As the grant of the Related Party Shares involves the issue of securities to a related party of the Company, Shareholder approval pursuant to ASX Listing Rule 10.11 is required unless an exception applies. It is the view of the Directors that the exceptions set out in ASX Listing Rule 10.12 do not apply in the current circumstances.

5.4 Technical Information required by ASX Listing Rule 10.13

Pursuant to and in accordance with ASX Listing Rule 10.13, the following information is provided in relation to Resolutions 4 to 6:

- (a) the Related Party Shares will be granted to the Related Parties (or their respective nominees);
- (b) the deemed issue price for the Related Party Shares will be \$0.083 each;
- (c) the number of Related Party Shares to be issued to the Related Parties is as follows:

Related Party	Salary to be satisfied by issue of Shares	Number of Related Party Shares
Peter Bennetto	\$55,512	668,819
Jonathan Downes	\$29,587	356,470
Gary Comb	\$39,223	472,566

- (d) the Related Party Shares will be granted no later than one month after the date of the Meeting (or such later date to the extent permitted by any ASX waiver or modification of the ASX Listing Rules) and it is intended that issue of the Related Party Shares will occur on the same date;
- (e) the Related Party Shares will be issued for nil cash consideration, accordingly no funds will be raised; and
- (f) the Related Party Shares issued will be fully paid ordinary shares in the capital of the Company issued on the same terms and conditions as the Company's existing Shares.

Approval pursuant to ASX Listing Rule 7.1 is not required for the grant of the Related Party Shares as approval is being obtained under ASX Listing Rule 10.11. Accordingly, the grant of Related Party Shares to the Related Parties (or their respective nominees) will not be included in the use of the Company's 15% annual placement capacity pursuant to ASX Listing Rule 7.1.

6. RESOLUTION 7 – APPROVAL OF 10% PLACEMENT CAPACITY

6.1 General

ASX Listing Rule 7.1A provides that an Eligible Entity (as defined below) may seek shareholder approval by special resolution passed at an annual general meeting to have the capacity to issue up to that number of Equity Securities (as defined below) equal to 10% of its issued capital (**10% Placement Capacity**) without using that company's existing 15% annual placement capacity granted under ASX Listing Rule 7.1.

An Eligible Entity is one that, as at the date of the relevant annual general meeting:

- (a) is not included in the S&P/ASX 300 Index; and
- (b) has a maximum market capitalisation (excluding restricted securities and securities quoted on a deferred settlement basis) of \$300,000,000.

As at the date of this Notice, the Company is an Eligible Entity as it is not included in the S&P/ASX 300 Index and has a current market capitalisation of

\$44,772,351 (based on the number of Shares on issue and the closing price of Shares on the ASX on 16 October 2017).

An Equity Security is a share, a unit in a trust, a right to a share or unit in a trust or option, an option over an issued or unissued security, a convertible security, or, any security that ASX decides to classify as an equity security.

Any Equity Securities issued under the 10% Placement Capacity must be in the same class as an existing class of quoted Equity Securities.

As at the date of this Notice, the Company currently has one class of quoted Equity Securities on issue, being the Shares (ASX Code: IBG).

If Shareholders approve Resolution 7, the number of Equity Securities the Company may issue under the 10% Placement Capacity will be determined in accordance with the formula prescribed in ASX Listing Rule 7.1A.2.

Resolution 7 is a special resolution. Accordingly, at least 75% of votes cast by Shareholders present and eligible to vote at the Meeting must be in favour of Resolution 7 for it to be passed.

6.2 Technical information required by ASX Listing Rule 7.1A

Pursuant to and in accordance with ASX Listing Rule 7.3A, the information below is provided in relation to this Resolution 7:

(a) Minimum Price

The minimum price at which the Equity Securities may be issued is 75% of the volume weighted average price of Equity Securities in that class, calculated over the 15 ASX trading days on which trades in that class were recorded immediately before:

- (i) the date on which the price at which the Equity Securities are to be issued is agreed; or
- (ii) if the Equity Securities are not issued within 5 ASX trading days of the date in section 6.2(a)(i), the date on which the Equity Securities are issued.

(b) Date of Issue

The Equity Securities may be issued under the 10% Placement Capacity commencing on the date of the Meeting and expiring on the first to occur of the following:

- (i) 12 months after the date of this Meeting; and
- (ii) the date of approval by Shareholders of any transaction under ASX Listing Rules 11.1.2 (a significant change to the nature or scale of the Company's activities) or 11.2 (disposal of the Company's main undertaking) (after which date, an approval under Listing Rule 7.1A ceases to be valid),

(10% Placement Capacity Period).

(c) **Risk of voting dilution**

Any issue of Equity Securities under the 10% Placement Capacity will dilute the interests of Shareholders who do not receive any Shares under the issue.

If Resolution 7 is approved by Shareholders and the Company issues the maximum number of Equity Securities available under the 10% Placement Capacity, the economic and voting dilution of existing Shares would be as shown in the table below.

The table below shows the dilution of existing Shareholders calculated in accordance with the formula outlined in ASX Listing Rule 7.1A(2), on the basis of the market price of Shares and the number of Equity Securities on issue as at 16 October 2017.

The table also shows the voting dilution impact where the number of Shares on issue (Variable A in the formula) changes and the economic dilution where there are changes in the issue price of Shares issued under the 10% Placement Capacity.

Number of Shares on Issue (Variable 'A' in ASX Listing Rule 7.1A2)	Dilution			
	Issue Price (per Share)	0.0415 50% decrease in Issue Price	0.083 Issue Price	0.1245 50% increase in Issue Price
539,425,912 (Current Variable A)	Shares issued - 10% voting dilution	53,942,591 Shares	53,942,591 Shares	53,942,591 Shares
	Funds raised	\$2,238,618	\$4,477,235	\$6,715,853
809,138,868 (50% increase in Variable A)	Shares issued - 10% voting dilution	80,913,887 Shares	80,913,887 Shares	80,913,887 Shares
	Funds raised	\$3,357,926	\$6,715,853	\$10,073,779
1,078,851,824 (100% increase in Variable A)	Shares issued - 10% voting dilution	107,885,182 Shares	107,885,182 Shares	107,885,182 Shares
	Funds raised	\$4,477,235	\$8,954,470	\$13,431,705

*The number of Shares on issue (Variable A in the formula) could increase as a result of the issue of Shares that do not require Shareholder approval (such as under a pro-rata rights issue or scrip issued under a takeover offer) or that are issued with Shareholder approval under Listing Rule 7.1.

The table above uses the following assumptions:

1. There are currently 539,425,912 Shares on issue as at the date of this Notice of Meeting.
2. The issue price set out above is the closing price of the Shares on the ASX on 16 October 2017.
3. The Company issues the maximum possible number of Equity Securities under the 10% Placement Capacity.

4. The Company has not issued any Equity Securities in the 12 months prior to the Meeting that were not issued under an exception in ASX Listing Rule 7.2 or with approval under ASX Listing Rule 7.1.
5. The issue of Equity Securities under the 10% Placement Capacity consists only of Shares. It is assumed that no Options are exercised into Shares before the date of issue of the Equity Securities.
6. The calculations above do not show the dilution that any one particular Shareholder will be subject to. All Shareholders should consider the dilution caused to their own shareholding depending on their specific circumstances.
7. This table does not set out any dilution pursuant to approvals under ASX Listing Rule 7.1.
8. The 10% voting dilution reflects the aggregate percentage dilution against the issued share capital at the time of issue. This is why the voting dilution is shown in each example as 10%.
9. The table does not show an example of dilution that may be caused to a particular Shareholder by reason of placements under the 10% Placement Capacity, based on that Shareholder's holding at the date of the Meeting.

Shareholders should note that there is a risk that:

- (i) the market price for the Company's Shares may be significantly lower on the issue date than on the date of the Meeting; and
- (ii) the Shares may be issued at a price that is at a discount to the market price for those Shares on the date of issue.

(d) Purpose of Issue under 10% Placement Capacity

The Company may issue Equity Securities under the 10% Placement Capacity for the following purposes:

- (i) as cash consideration in which case the Company intends to use funds raised for the acquisition of new resources, assets and/or investments (including expenses associated with such an acquisition), funding the progress of the Citronen Zinc Project, exploration on Greenland and Australian base metal projects and general working capital; or
- (ii) as non-cash consideration for the acquisition of new resources assets and/or investments in such circumstances the Company will provide a valuation of the non-cash consideration as required by listing Rule 7.1A.3.

The Company will comply with the disclosure obligations under Listing Rules 7.1A(4) and 3.10.5A upon issue of any Equity Securities.

(e) Allocation policy under the 10% Placement Capacity

The recipients of the Equity Securities to be issued under the 10% Placement Capacity have not yet been determined. However, the recipients of Equity Securities could consist of current Shareholders or new investors (or both), none of whom will be related parties of the Company.

The Company will determine the recipients at the time of the issue under the 10% Placement Capacity, having regard to the following factors:

- (i) the purpose of the issue;
- (ii) alternative methods for raising funds available to the Company at that time, including, but not limited to, an entitlement issue or other offer where existing Shareholders may participate;
- (iii) the effect of the issue of the Equity Securities on the control of the Company;
- (iv) the circumstances of the Company, including, but not limited to, the financial position and solvency of the Company;
- (v) prevailing market conditions; and
- (vi) advice from corporate, financial and broking advisers (if applicable).

Further, if the Company is successful in acquiring new resources, assets or investments, it is likely that the recipients under the 10% Placement Capacity will be vendors of the new resources, assets or investments.

(f) **Previous approval under ASX Listing Rule 7.1A**

The Company previously obtained approval from its Shareholders pursuant to ASX Listing Rule 7.1A at its annual general meeting held on 25 November 2016 (**Previous Approval**).

The Company has not issued any Equity Securities pursuant to the Previous Approval.

During the 12 month period preceding the date of the Meeting, being on and from 25 November 2016, the Company otherwise issued a total of 33,550,303 Shares which represents approximately 6.38% of the total diluted number of Equity Securities on issue in the Company on 25 November 2016, which was 525,875,609.

Further details of the issues of Equity Securities by the Company during the 12 month period preceding the date of the Meeting are set out in Schedule 1.

(g) **Compliance with ASX Listing Rules 7.1A.4 and 3.10.5A**

When the Company issues Equity Securities pursuant to the 10% Placement Capacity, it must give to ASX:

- Fully paid ordinary shares in the capital of the Company, ASX Code: IBG (terms are set out in the Constitution).
- This is a statement of current intentions as at the date of this Notice. As with any budget, intervening events and new circumstances have the potential to affect the manner in which the funds are ultimately applied. The Board reserves the right to alter the way the funds are applied on this basis.
- In respect of quoted Equity Securities the value is based on the closing price of the Shares (\$0.083) as the context requires on the ASX on 16 October 2017. In respect of unquoted Equity Securities the value of Options is measured using the Black & Scholes option pricing model. Measurement inputs include the Share price on the measurement date, the exercise price, the term of the Option, the impact of dilution, the expected volatility of the underlying Share (based on weighted average historic volatility adjusted for changes expected due to publicly available information), the expected dividend yield and the risk free interest rate for the term of the Option. No account is taken of any performance conditions included in the terms of the Option other than market based performance conditions (i.e. conditions linked to the price of Shares).
