DIRECTOR APPOINTMENT AND RESIGNATION FROM THE BOARD OF IRONBARK

Mr. Kelly Strong has been appointed as a Non-Executive Director on the Board of Ironbark Zinc Limited (Ironbark) (ASX: IBG) as a nominee of Nyrstar N.V. (Nyrstar), one of the world's largest zinc metal producers. Ironbark advises that Mr. Jason Dunning has resigned as a Non-Executive Director of Ironbark as a result of him accepting another role outside of Nyrstar.

The Board of Ironbark wish to thank Mr. Dunning for his outstanding contribution and welcomes Mr. Strong.

Mr. Strong is the Vice President for mining operations at Nyrstar located in Tennessee. In his current role Mr. Strong is responsible for all of Nyrstar's zinc mining and milling operations in Canada and the United States, operating the mining of polymetallic zinc ore bodies, and associated products. Mr. Strong's appointment is ideally suited to support Ironbark's planned transition into mining.

Prior to joining Nyrstar, Mr. Strong spent 14 years with Vale in various senior management roles. These roles included working at their nickel operations in Indonesia and was also responsible for mining and smelting operations in various parts of Canada and the UK. In Mr. Strong's last role he was the Vice President of the Ontario and UK operations where his portfolio included mining, smelting and refining operations of nickel, copper, cobalt and precious metals. Mr. Strong holds a Bachelor degree in Mining Engineering from South Dakota Tech.
